LOVOL HEAVY INDUSTRY GROUP CO.,LTD.

### PRODUCT SELLING POINTS

# Solid and steady

- Super power 338kW
- Super strong frame -1200mm, three-layer longitudinal beam plate frame, strong load-bearing capacity
- Stable driving single-girder frame, low center of gravity
- More adaptations special mining tires, the strongest cargo box

### Flexible and efficient

- Better matching 12L gold power chain assembly :Weichai Engine;Fast Gearbox ;Hande Axle
- Larger cargo box -standard 34m³
- Lower fuel consumption -lower fuel consumption than competing products

# PRODUCT HIGHLIGHTS

### Solid, cost-effective - LT95 mine truck

- Weichai Gold Powertrain: WP12G460E310 engine + monolithic clutch + Fast 8DS240A gearbox + 35T high-load drive axle, mature and advanced power system, economical and fuel-efficient.
- The strongest flexible frame structure: three-layer high beam structure, frame 1200 × 450 × 130 (12 + 12 + 8), high bending and torsion resistance, wide frame width, more stable driving.
- Original front suspension: front and rear double skateboard + thrust rod structure, higher reliability and durability, long service life, and better comfort.
- Subversive rear suspension: The overall maintenance-free balance shaft with safety bar + thrust bar with bolt structure completely solves the problem of shaft head maintenance and thrust bar bolt fracture.
- Large volume :container volume of 34m3, high transportation efficiency.
- **Driving comfort**: the new semi-suspended cab, noise reduction, sound insulation, damping and shock absorption effect is very good, the space utilization rate is 30% higher than that of competitive products, the appearance is unique and novel, and the driving is more comfortable.
- Horizontal full hydraulic steering system, good reliability, double steering more portable, better feel.
- The new high-power mechanical air conditioning:cooling power 4800w, after the high temperature test in Hami, Xinjiang, better reliability.
- High modularity of electrical appliances and braking system, wide range of lighting and wide field of vision.
- Germany VOSS brake system + military aviation connector electrical system, vehicle safety is better.
